
Pantherella
Spring Summer 2021

Spring Summer 2027

Beneath the golden glow of a summer sun, the landscape is bathed in a warm, radiant light, and across rolling lawns and billowing rose gardens, the day slowly unfolds.

A gentle breeze carries the sounds of music, laughter and the soft ‘pop’ of a champagne cork as afternoon drifts into evening. Shadows lengthen across the terrace, and beneath the fading light, the joyful hum of celebration fills the air.

The Pantherella Spring Summer 2027 collection draws inspiration from the enduring romance of the season, and the effortless elegance of English style. Soft pastels and nature-inspired hues mirror the colours of the countryside, evoking the nostalgic charm of treasured heirlooms and summer celebrations.

Understated sophistication, and refined, considered detailing, honours timeless tradition and craftsmanship passed down through generations, capturing the beauty of connection and joyful memories in an ode to an English summer.

Size Guide

MENS	UK	EURO	USA
Small	6 - 7	39 - 40	7 - 8
Medium	7.5 - 9.5	41 - 44	8.5 - 11
Large	10 - 12	45 - 47	11.5 - 13

WOMENS	UK	EURO	USA
One Size	4 - 7	37 - 41	6 - 9.5

Our Over the Calf socks have a leg length of 18 inches; the perfect height for added modesty, never showing under trousers and staying up without bunching for a pristine finish. Our standard leg length measures 12 inches.

The World's Finest Fibres

SEA ISLAND COTTON

Certified by the West Indian Sea Island Cotton Association (WISICA), our Sea Island Cotton is grown exclusively in the British West Indies. Prized for its extra-long fibres and exceptional softness, this rare luxury fibre effortlessly balances durability with elegance.

COTTON & LINEN BLEND

Our cotton-linen blend combines superior cotton, with natural linen. One of the oldest fibres in the world, linen has excellent strength and absorbency, paired with ultra-soft cotton, it offers the perfect choice for summer wear and warmer climates.

FIL D'ECOSSE COTTON

Our Fil D'Ecosse socks are made from the finest Italian sourced extra-long staple cotton. Two strands are twisted together, then 'mercerised' to produce a robust, refined thread that brilliantly absorbs dye, enhancing vibrancy, while preserving its silky lustre.

LONG STAPLE COTTON

Long Staple Cotton is known for its softness and strength. The long fibres produce a smooth and resilient yarn, with excellent durability, increased resistance to shrinkage, and exceptional comfort.

COTTON & WOOL BLEND

Cotton and wool blends combine the strengths of both fibres, offering improved comfort, durability, and versatility compared to pure cotton or wool. The mixture provides wool's warmth and resilience with cotton's softness and breathability, making it ideal for year-round comfort.

MERINO WOOL

Merino wool is celebrated for its refined softness. With its natural ability to regulate body temperature, our superfine worsted-spun yarn produces lightweight, durable socks that combine exquisite softness with lasting performance.
